DIRECTOR CORPORATE FINANCE

We wish to recruit a highly motivated professional to join our corporate finance team.

Murray & Company is a Christchurch-based Investment Bank with Corporate Finance, Wealth Management and Private Equity divisions. The firm is a trusted provider of expert financial advisory and investment services to an array of NZ corporates, families and charitable organisations.

Our Corporate Finance division focuses on corporate transactions, capital raising and corporate advisory services. Owing to the continued growth of our Corporate Finance practice, we need to recruit another experienced professional to join our dynamic team.

Examples of recently completed transactions in the Corporate Finance division include:

- Financial Advisor to FMR on their merger with insurance broker and risk consultancy Crombie Lockwood, part of the Wesfarmers Group;
- Financial Advisor to Miraka, a consortium building and operating a \$90m milk production facility in the North Island; and
- Financial Advisor and Joint Lead Manager to the University of Canterbury regarding its fully subscribed \$50m philanthropic bond issue.

The new Director will work closely with our Managing Director (Justin Murray) and Director of Corporate Finance (Chris Milne) with responsibility for:

- originating transactions;
- leading transaction and advisory execution; and
- managing professional staff.

This role will appeal to a talented individual with:

- an excellent track-record in investment banking, corporate finance or private equity;
- a superior academic record, ideally in finance, accounting or economics;
- integrity, professionalism and commercial acumen; and
- highly developed skills in valuation, finance, strategy and management.

Remuneration will include discretionary performance-linked structures and equity participation in the firm will also be possible for the appropriate candidate.

Please forward your CV and cover letter to Chris Milne by email to chris@murrays.co.nz
